

Program Information Notice

Program

Axos Insured Deposit Program with the Demand Deposit Marketplace® (DDM®) with IDEASM Feature ("**Program**")

Summary of Program

Under the Program, Program Deposits are allocated to Receiving Institutions on the IDEA Eligible Receiving Institution List (as set forth below) up to the number of Receiving Institutions (as set forth below, unless otherwise notified to you by Your Institution from time to time) using a percentage that is equal to or less than the Maximum IDEA Percentage (as defined in the Customer T&Cs). The Program is designed to provide you with access to an expanded level of deposit insurance coverage on the Program Deposits, up to the Program Limit (as set forth below). Excess Funds will not be placed through or covered by the Program. Your Institution maintains records of your ownership of Program Deposits under the Program.

Enrollment in the Program is specific to the Eligible Customer Account below. Customer is responsible for managing the risks associated with enrolling in this Program via multiple Eligible Customer Accounts (defined below) and understands that doing so will not increase coverage.

All deposit accounts through Axos Bank brands are FDIC insured through Axos Bank. All deposit accounts of the same ownership and/or vesting held at Axos Bank are combined and insured under the same FDIC Certificate 35546 (<https://edie.fdic.gov/>). All deposit accounts through Axos Bank brands are not separately insured by the FDIC from other deposit accounts held with the same ownership and/or vesting at Axos Bank. For more information read our FDIC Notice (<https://www.axosbank.com/legal/fdic-notice>).
