## **GENERAL INSTRUCTIONS**

Use these instructions to complete the IRA Return of Excess Contribution and Recharacterization Request form made available by Axos Advisor Service.

#### Purpose of this form.

This form is required to request a return of excess contribution or recharacterization. Note: Only one set of instructions should be submitted on this form.

**IMPORTANT**: This form cannot be used to transfer assets from your Axos Advisor Services IRA in your name to another IRA account in your name at another trustee or custodian. Use the new custodian's transfer form to complete this type of transaction.

**IMPORTANT**: Applicable distribution fees will be deducted from your Account balance. This may include check, overnight mailing, and wire fees. Note: For information on distribution fees for this request, contact your Investment Advisor.

- You must complete all required fields, unless designated as 'if applicable'. 'If applicable' indicates the section or entry is required only if certain conditions apply. These conditions are outlined in detail in these instructions.
- To expedite processing and to avoid requests for additional information, provide all required additional forms and documentation as detailed in these instructions.
- **Print or type all entries**. Print clearly in all CAPITAL LETTERS to complete this form. To type entries, use the fillable PDFs available through Liberty and at https://www.axosadvisorservices.com/Forms-and-Applications/.

#### **SECTION 1: Account Owner**

Enter the account owner information for this Account exactly as it appears on your Axos Advisor Services Account. For new accounts, enter the account name exactly as it is written on the application form.

## **SECTION 2: Account Type**

Check the box indicating the retirement account type.

## SECTION 3: Reason for Distribution – Select One

This information is required for IRS reporting purposes. It is your responsibility to pay all taxes, interest and penalties that may be imposed by the relevant governmental authority. Please consult your tax advisor or the IRS to determine the requirements for any of the listed distribution types. In most situations, Axos Advisor Services is required to issue a Form 1099-R for distributions from your IRA. Depending on the nature of the distribution, the distribution may or may not be taxable. Additional information for each type of distribution can be found on the form. For additional information, consult your tax advisor or the IRS.

**Recharacterization**. This method changes your IRA contribution designation and moves either all or a portion of an original contribution (in your original IRA), adjusted for earnings or losses, to another IRA type (your second IRA). Use this form to:

- Recharacterize any annual contributions you made to a Roth IRA to be an annual Traditional IRA contribution.
- Recharacterize any annual contributions you made to a Traditional IRA to be an annual Roth IRA contribution.

**IMPORTANT**: If your original IRA or your second IRA is custodied at another custodian, please be advised that you must first authorize a recharacterization to an account at Axos Advisor Services. You may then obtain a transfer form from the other custodian to authorize a trustee-to-trustee transfer between like account types. Axos Advisor Services will not process, and other custodians will not accept, mid-air recharacterizations.

**Return of excess contribution plus earnings**. This method withdraws funds prior to the tax-filing deadline plus extensions for the year in which the excess contribution was made.

**IMPORTANT**: Removal of excess after tax-filing deadline plus extension is considered an age-based distribution. If you wish to remove an excess contribution after the tax-filing deadline plus extension, please complete the IRA Distribution Request form.

#### **SECTION 4: SPECIAL DISTRIBUTION TYPE - SELECT ONE**

**IMPORTANT:** Return of excess contributions and recharacterizations are only done in cash. Contact your Investment Advisor to initiate any liquidations required. If your Investment Advisor needs to liquidate assets to cover the requested cash, the distribution will be processed after all liquidating trades have settled.

Select either recharacterization or return of excess contribution. Complete all fields in the applicable selection.

**IMPORTANT**: Axos Advisor Services can only calculate earnings or losses if the original contribution was made at Axos Advisor Services. Calculations performed by Axos Advisor Services use the method posted in the current applicable IRS regulation. Axos Advisor Services will not calculate earnings/losses for SIMPLE IRA, SEP IRA or SARSEP IRA account types. If the request is for one of these account types, you must provide the calculation.

A: Recharacterization. Select the type of recharacterization (A1), the year for which the contribution was intended (A2) and the earnings calculation method (A3.1 or A3.2). Note, only Traditional IRA, Roth IRA and SEP IRA account types are eligible for recharacterization.

**B:** Return of excess contribution plus earnings. Select the year for which the contribution was intended (B1) and the earnings calculation method (B2.1 or B2.2). If this is a distribution of excess from SIMPLE IRA, Roth SIMPLE IRA, SEP IRA or Roth SEP IRA, select the source of the excess contribution in B.3

# **SECTION 5: Delivery Method**

Select the appropriate distribution method. **IMPORTANT**: Funds sent by check, by overnight check, or by wire, may be subject to a fee, which will be deducted from your account balance. Your investment advisor can provide you with fee information regarding these transactions.

- By electronic transfer: Select the type of electronic transfer:
  - If you select ACH box, then select either Checking Account or Savings Account. For an ACH, if Checking Account or Savings Account is not selected, we will default to Checking Account.
  - If you select the Voided Check Provided box, provide a blank check with this form.
  - If you select Bank on File box, Axos Advisor Services will use the bank on file as provided on the Advisor Authorization for contribution/ distribution form or active systematic contribution/distribution record.
  - If you select Bank information provided below box, complete all four sections as requested.

#### By checks:

Select the box requesting a check to be sent overnight, otherwise a check will be sent by regular mail.

Select the appropriate box to indicate where the check is to be sent. If applicable, enter the third-party payee/delivery information. Allow 10 business days for delivery of mailed checks.

## • Transfer to an eligible account at another Institution:

This method transfers the excess contribution and earnings in cash to a non-retirement account in your name at another institution. Provide the institution name, account title, For the Benefit of (FBO) if applicable, account number, account type, and complete mailing address. **IMPORTANT**: Recharacterizations are not eligible to transfer to another institution.

## • Transfer internally to an eligible Axos Advisor Services account:

This method transfers cash to another retirement or non-retirement account in your name at Axos Advisor Services. Check the box indicating if it is a new or existing Axos Advisor Services account. For existing accounts, provide the Axos Advisor Services account number, account title and account type. For new accounts, enter the account type and attach the appropriate Axos Advisor Services account application to this form.

## **SECTION 6: Signature**

Sign and date the form. Client signature is always required for all requests. Investment advisors may not request return of excess contributions or recharacterizations.

Return your completed form as instructed by your Investment Advisor or your client representative. Questions regarding this form should be directed to your Investment Advisor.

**End of Form**
